7 April 2026

Dear Business Owners and Residents,

### **IMPORTANT INFORMATION ABOUT ROAD CLOSURES FOR EVENT ACTIVITY ACROSS APRIL 2026**

Liveability takes many forms and means many things to our region's residents, businesses, visitors, and investors. Rockhampton Regional Council and Advance Rockhampton aim to build one great region to live, visit and invest.

The month of April sees two significant events take place, each impacting the city and surrounds through the event activities, road closures, changes to parking availability and access arrangements for:

- **Rare Spares & Repco Rockynats 06, held 17 -20 April**
- **Anzac Day Dawn Service and March Ceremonies, held 25 April**

#### **RARE SPARES & REPCO ROCKYNATS 06: 17-20 April 2026**

We are proud to partner with Summernats to delivery Queensland's biggest car and bike festival, Rare Spares & Repco Rockynats 06.

This year, the Street Parade opens the event at 11am on Friday 17 April – a normal business day again this year. This year also sees reductions to the CBD ticketed precinct perimeter – allowing access to greater city areas without an event ticket, although road closures remain like 2025.

#### **ACCESS REQUIREMENTS DURING EVENT PERIOD**

To enter impacted roads during the event, **vehicle access passes will be required from 5am Friday 17 April until 5am Monday 20 April.**

In addition, **pedestrian access restrictions will be in place from 5am to 5pm on Saturday 18 April and Sunday 19 April.**

Invitations to apply for the necessary access passes (where applicable) have been issued by Council's Community Engagement Team. If you are an employee or resident in the CBD Precinct you will be prioritised at all spectator entry gates.

If you did not submit an application but **require access to the impacted CBD area on any of the dates listed**, please contact the team as soon as possible at [rockynats@rrc.qld.gov.au](mailto:rockynats@rrc.qld.gov.au).

Visitors to your business or residence can access a temporary visitor wristband from security at any CBD entry gate.
