

Australian Government mobile service centres

Serving regional Australia

Visit the mobile service centre to find out about Australian Government payments and services for rural families, older Australians, students, job seekers, people with disability, carers, farmers and self-employed people.

We can also help veterans and their families connect to the Department of Veterans' Affairs phone line and online services.

Staff can provide you with information and support. They can also help you create a myGov account. myGov is a simple and secure way to access government services online.
